DESCRIPTION AND PURPOSE OF ITEM

This item indicates the range that includes the census designated population for the municipality identified by the code recorded in Municipality (Item5).

This information is used to group traffic data by population range.

This item is computer-generated using population statistics for the code recorded in Municipality (Item 5). These statistics are provided by the U.S. Department of Commerce, Bureau of Census. If in question, contact the Bureau of Statewide Program Planning.

Note: This item is included on extract files only.

CODE AND SCREEN ENTRY INSTRUCTIONS

A 1-digit alphanumeric code.

DO NOT ENTER
